

» Own and guest performances at concert halls (2016-17)

Note: This table is based on a survey of members of the German Concert Hall Conference (Deutsche Konzerthauskonferenz) for the 2016-17 season as well as information from other concert halls. It is limited entirely to musical and concert events and excludes educational projects, congresses, symposia, trade fairs, ballet and theatre events. Owing to missing or incomplete information, no figures could be given for the Essen Philharmonie or Baden-Baden Festival Hall, nor for the Dresden Kulturpalast, which only reopened in 2017.
