Note: The figures are based on a quota sampling procedure conducted among German-speakers above the age of 14 in the Federal Republic of Germany. Every year more than 20,000 persons (2021: 22,563) living in private households in Germany are polled at their main place of residence. The poll uses face-to-face oral interviews.

¹ In 2012 the question regarding 'Rock and pop festivals, e.g. *Rock am Ring*' was reworded as 'Rock and pop concerts, band shows'. For this reason the pre-2012 figures cannot be compared to those from 2012 onwards.
